Sikat Saka Program

Sikat Saka Program

The DA Sikat Saka Program is a project of the Department of Agriculture in support of its Foods Staples Sufficiency Program. This is in partnership with Land Bank of the Philippines to provide credit assistance to small palay farmers for their palay production. DA agencies together with the Irrigators' Association will provide support to farmers such as extension, administrative services, assured market and irrigation.

Objectives

1. Help more palay farmers access timely, adequate and affordable production credit
2. Improve the viability of agricultural production by ensuring availability of irrigation services, extension, links
