Chief, Program Monitoring Division

SUBJECT : **MARCH 2023 DA-ACPC MONTHLY MONITORING REPORT ON CREDIT & INSTITUTIONAL CAPACITY BUILDING (ICB) PROGRAMS**

This report contains the status of DA-ACPC Credit and Institutional Capacity Building (ICB) Program Accomplishments based on ACPC Program Monitoring data **as of March 31, 2023, and for the Period January-March 2023.**

1. DA-ACPC CREDIT PROGRAMS

1.1. Cumulative Accomplishments as of March 31, 2023

1.1.1. Credit Fund Transfers, by Fund Source

A cumulative total of P20.25 billion¹ credit funds have been transferred by DA-ACPC to various partner lending conduits (PLCs). These PLCs include government financial institutions (GFIs), rural banks, cooperative banks, thrift banks, cooperatives, non-government organizations/micro-finance institutions (NGOs/MFIs), farmers'/irrigators' associations, and corporations. Of the total credit funds transferred to GFIs and other PLCs, P13.38 billion was funded through the General Appropriations Act (GAA). On the other hand, the remaining balance was funded through the Agro-Industry Modernization Credit and Financing Program (AMCFP) Fund (6.16%), the Bayanihan II Act Stimulus Fund (14.75%), and the Direct Market Linkage Development Program (DMLDP) (0.14%) (see Table 1).

¹ The difference between the cumulative amount of credit funds transferred and loan releases is due to loan re-availment of some borrowers (specifically under PLEA, Sikat Saka and APCP Programs) and the counterpart fund of LBP under Sikat Saka and APCP Program.

1.1.2. Number of Partner Lending Conduits (PLCs), by Type of Organization

A cumulative total of 341 unique partner lending conduits (PLCs) have participated in DA-ACPC programs over the years (Table 6). Most of the PLCs are cooperatives (73.3%) followed by rural banks (14.1%), cooperative banks (4.1%), and farmer or irrigator's associations (3.5%). Only 5.0% is made up of NGOs/MFIs, GFIs, thrift banks, and corporations (see Table 2).

1.1.3. Amount of Loan Releases and Number of Borrowers

Loans released through DA-ACPC credit programs cumulatively amount to P39.74 billion. These loans went to a total of 476,811 small farmers and fisherfolk (SFF) and 1,519 agri-based micro and small enterprises (MSEs) nationwide (see Table 3). The following 12 DA-ACPC credit programs, 7 of which are on-going, contributed to these cumulative accomplishments. In two (2) of the ongoing programs (i.e., the Agri Negosyo and Young Agripreneurs Programs), new sub-facilities for onion growers and out-of-school youth were recently launched in March 2023:

On-going Programs²

- i) Agri-Negosyo Program
- ii) Young Agripreneurs Program
- iii) Expanded SURE-Aid and Recovery Project (SURE COVID-19)
- iv) Survival and Recovery Loan Assistance (SURE)
- v) BuyANIHan Program
- vi) Accessible Loans for Empowered, Resilient, and Transformed – Agrarian Reform Beneficiary Organizations (ALERT ARBOs) Program³
- vii) Sikat-Saka Program (SSP)

Completed Programs⁴

- i) Expanded Survival and Recovery Loan Assistance for Rice Farmers (SURE-Aid Palay)
- ii) Production Loan Easy Access Program (PLEA)
- iii) Working Capital Loan Easy Access (CLEA)
- iv) Agricultural and Fisheries Machineries and Equipment Loan Program (AFME)
- v) Upland Southern Mindanao Credit and Institution Building Program (USM-CIBP) Credit Component through LandBank

1.1.4. Regional Distribution of Loan Releases and Number of Borrowers

The 3 regions with the biggest cumulative amounts of loan releases are Regions III (P9.22 billion), II (P6.56 billion), and VI (P4.22 billion). On the other hand, the regions that have the highest cumulative numbers of SFF and MSE borrowers are Regions III (54,647), IV-A (43,822), and XII (40,774) (see Table 4).

² Credit programs are classified as on-going when the transfer of credit funds to partner lending conduits (e.g., cooperatives, banks, and Government Financial Institutions (GFIs)) and loan releases are still on-going.

³ The ALERT-ARBOs Program is implemented in 2012 under the previous name of Agrarian Production Credit Program (APCP).

⁴ Completed programs are identified as programs which are previously funded by ACPC and, as of to date, no further credit fund transferred to PLCs.

1.2. Accomplishments for the Period January-March 2023

1.2.1. Credit Fund Transfers, by Fund Source

The 2023 GAA budget allocation to ACPC for loans outlay in 2023 is P2.75 billion. Of this amount, DA-ACPC has transferred P413.0 million within the period January-March 2023 to 14 banks and 2 NGO/MFIS that are participating in the implementation of ongoing DA-ACPC Credit Programs.

1.2.2. Amount of Loan Releases and Number of Borrowers under Ongoing Credit Programs

Ongoing DA-ACPC credit programs released loans amounting to a total of P249.96 million in the period January-March 2023⁵. This went to a total of 3,289 small farmers and fisherfolk (SFFs) and 22 agri-based micro and small enterprise (MSE) borrowers. P13 million released under the Agri-Negosyo for Onion went to two (2) organizations (MSEs) engaged in the procurement of onions from local farmers. On the other hand, P5.6 million was released to 26 borrowers under the Young Agripreneurs Program, of which P4.4 million was released in Ilocos Norte under the sub-facility for out-of-school-youth (OSY). The loans were used in livestock raising (see Table 5).

1.2.3. Regional Distribution of Loan Releases and Number of Borrowers

Most loan releases over the period January-March 2023 went to Regions II (P39.65 million), IV-A (P35.67 million), and XII (P25.20 million). On the other hand, the biggest shares of borrowers are in Region VI, Region VIII, and Region X with 526, 438, and 447 borrowers, respectively (See Table 6).

1.2.4. Projects Financed, by Type of Borrower

a) Small Farmers and Fisherfolk (SFF)

91.1% of the total amount of DA-ACPC credit program loan releases to SFFs in January-March 2023 went to 1,790 borrowers engaged in agri-production activities. Other projects of SFFs that were financed include trading of agri-fishery products, acquisition of equipment and machinery, agricultural marketing, and agro-processing and value-adding (See Table 7.a).

b) Micro and Small Enterprises (MSEs)

70.2% of the total amount of DA-ACPC credit program loan releases to MSEs were used as working capital, whether for the marketing of agri-fishery commodities, for procuring farm and fishing inputs/for agri-fishery production, for processing, trading, or manufacturing (Table 8). On the other hand, 15% of the total amount of MSE loans were used for the establishment/ upgrading/ rehabilitation/ repair/ maintenance of an agri-fishery facility. The rest of the loans were utilized in production, marketing, and trading of agri-fishery products and in the procurement of agri-fishery products and post-harvest equipment.

1.2.5. Production Loan Releases to SFFs, by Type of Commodity

Table 7.b. shows that 70.9% of SFFs that borrowed for agri-production purposes in January-

⁵ The ACPC credit programs with releases for the period of January to March 2023 are Agri-Negosyo Program, Young Agripreneurs Program, SURE Regular Program, and SURE Covid-19 Program.

March 2023 used their loans in crop production. The rest who borrowed for agri-production purposes in the same period used their loans in livestock (16.1%), fisheries (9.0%), and poultry (3.9%) production. The top 3 agricultural commodities that were financed by DA-ACPC programs for production in the period January-March 2023 are high-value crops (28.1%), palay (24.7%), and corn (13.5%).

1.3. **Challenges Encountered for the Period January-March 2023**

Challenges Encountered in Program Implementation	Measures Taken to Address the Challenges
A. Policy-Related	
Difficulty in engaging new PLCs due to the current programs' zero interest rate policy to end-borrowers.	ACPC staff provide program briefings to the Board of Directors of potential PLCs to allay their apprehensions (credit risk, income, etc.) and highlight the benefits (developing future client base) of participating in the implementation of ACPC credit programs.
B. Operational	
Difficulty in undertaking credit facilitation activities due to lack of manpower to cover certain program areas.	Immediate filling up of vacant focal person positions.
Temporary unavailability of the ACPC ACCESS portal to potential borrowers from January 12 to February 16, 2023, due to system migration to a new cloud server.	Accessibility of the ACPC ACCESS was restored on February 17, 2023, upon migration of the system to a new cloud server.

2. **DA-ACPC INSTITUTIONAL CAPACITY BUILDING (ICB) PROGRAMS**

2.1. **Accomplishments for the Period January-March 2023**

2.1.1. Number of ICB Activities Conducted with Breakdown by Type of Activity

For the first quarter of 2023, DA-ACPC was able to conduct a total of 136 ICB activities (Table 9). Around 22% of these were USM-CIBP Regulatory Compliance activities. On the other hand, one out of five (20.59%) were training activities offered under Business Plan Mentoring for individual trainees. Orientations for DA-ACPC credit program borrowers make up 12.5% of the total number of DA-ACPC ICB activities held from January to March 2023.

2.1.2. Number of Trained Individuals with Breakdown by Type of Activity

The different DA-ACPC ICB activities conducted from January to March 2023 were able to train a combined total of 1,169 unique attendees, of which 1,127 are individual participants and 42 MSEs and officers/staff of organizations. Because some of these individuals attended more than just one DA-ACPC ICB activity during the year, the overall total number of participants in all the DA-ACPC ICB activities reached as many as 1,582⁶ (See Table 10). The top 3 ICB activities in terms of the number of trained individuals were USM-CIBP Regulatory Compliance (22.06%),

⁶ A total of 1,517 individual loan applicants and 65 officers and staff of organizations.

Business Plan Mentoring (20.59), and Orientations (12.5%). On the other hand, the top 3 ICB activities in terms of the number individuals and officers and staff of organizations trained are the Financial Literacy Training (32%), Orientations (21%), and USM-CIBP Regulatory Compliance (9%).

2.1.3. Regional Distribution of ICB Activity Participants

Table 10 shows that 28.04% of the participants in DA-ACPC ICB activities in January-March 2023 came from Region XI, mostly made up of participants in USM-CIBP capacity building activities. On the other hand, 21.47% are participants from Region VII, and 13.75% are from CAR. On the other hand, most of the MSEs/organizations that participated in the DA-ACPC ICB activities came from Regions XII (21.43%), IV-B (21.43%), and XI (16.67%).

2.2. Challenges Encountered for the Period January-March 2023

Challenges Encountered in Program Implementation	Measures Taken to Address the Challenges
The procedures and requirements in conducting re-echo training are not very clear yet to some Training Partner Lending Conduits (TPLCs).	<ol style="list-style-type: none"> The conditions and requirements were explained to the concerned TPLCs. A meeting will also be conducted with other training partners for the purpose of clearly explaining the procedures, conditions, and requirements.
Loan applications under ACPC credit programs of some trained individuals experienced delays due to their delayed submission as well of their final Business Plans (BPs)/Farm Plans & Budget (FPBs).	A third-party service provider was hired to help finalize the BPs and FPBs of loan applicants.
Loan applications under ACPC credit programs of some of the individuals trained under ACPC ICB activities experienced delays due to difficulties encountered in securing the Municipal Agri-Office's or the BFAR's certification of their FPB.	ACPC focal persons shall assist the applicants in securing the signed FPB.
Some loan applicants can no longer be contacted.	ACPC focal persons in the areas shall validate the status of the applicants.
There is an interim disruption in the implementation of the Upland Southern Mindanao Credit and Institution Building Program for Organizations (USM-CIBP) due to the termination of the partnership with Landbank of the Philippines.	Preparations and arrangements are ongoing for the transition to the new direction of the program.

- SURE Aid (Taal)	2020	66,045,000	2,643			66,045,000	2,643
5) BuyANihan Program	2019	d/		300,000,000	1	300,000,000	1
6) ALERT-ARBOs e/	2012			10,563,090,837	886	10,563,090,837	886
7) Sikat Saka Program e/	2012	15,019,442,530	18,107	b/		15,019,442,530	18,107
COMPLETED PROGRAMS							
1) SURE Aid Palay Program	2019	2,489,445,000	165,963	b/		2,489,445,000	165,963
2) PLEA Program	2017	2,361,019,054	66,695			2,361,019,054	66,695
3) CLEA Program	2019	d/		47,903,000	11	47,903,000	11
4) AFME Program	2019			14,050,000	3	14,050,000	3
5) USM-CIB Program (Credit Component through Landbank)	2007	d/		6,600,000	6	6,600,000	6
Total		26,944,195,100	476,811	12,797,736,840	1,519	39,741,931,941	478,330

a/ Out of a total fund of P500 M transferred to DBP for the program, P37.25 M loans have been released by DBP to 4 semi-commercial borrowers.

b/ Not applicable since the program targets only individual farmer- and fisherfolk-borrowers.

c/ Number of borrowers decreased by 5 from previous report due to the PLC's correction of their records in the ACEPortal.

d/ Not applicable since the program targets only organization-borrowers (e.g. Agrarian reform beneficiary organizations cooperatives, farmers', and irrigators' associations) and Micro and Small Enterprise (MSEs).

e/ Data for Sikat-Saka Program and ALERT-ARBOs is as of December 2022.
